

## DETOUR METHOD ONLINE SUBMISSION CHECKLIST

*SET YOURSELF UP FOR SUCCESS!*

Before you click "Submit" on your assessments,  
check and make sure that you have done the following:

---

- I have read the instructions and know exactly what's being asked of me.
  
  - I have read through the example(s) provided for this assessment and reviewed my work before submitting.
  
  - I have communicated my ideas in a clear and concise way, demonstrating what I know without any unnecessary content.
  
  - Unless this is my first assessment, my submission addresses any feedback I've received from my Team Leader in previous assessments.
  
  - My work has been saved in a word or text document external to the course platform, as well as in my course workbook (WiFi can be unstable sometimes so double check that your work has been saved before you click the submit button).
- 

**Congratulations on finishing your assessment for this module!**

**REMEMBER:** *If any item on this list is NOT checked, your submission may get returned to you for additional review.*
